

2-IN-1 SATA Backplane Module

DS-112SSBK combine the latest advances in next generation storage interfaces. SATA-to-SATA native backplane by providing the highest performance when used in RAID, server, or intensive video applications. The DS-112SSBK SATA module is compact and accommodate 2 hard drives into one 3.5" drive bay space. A light weight aluminum housing helps dissipate heat, and short body which take less space. Unique individual push open/close lock on each drive bay.

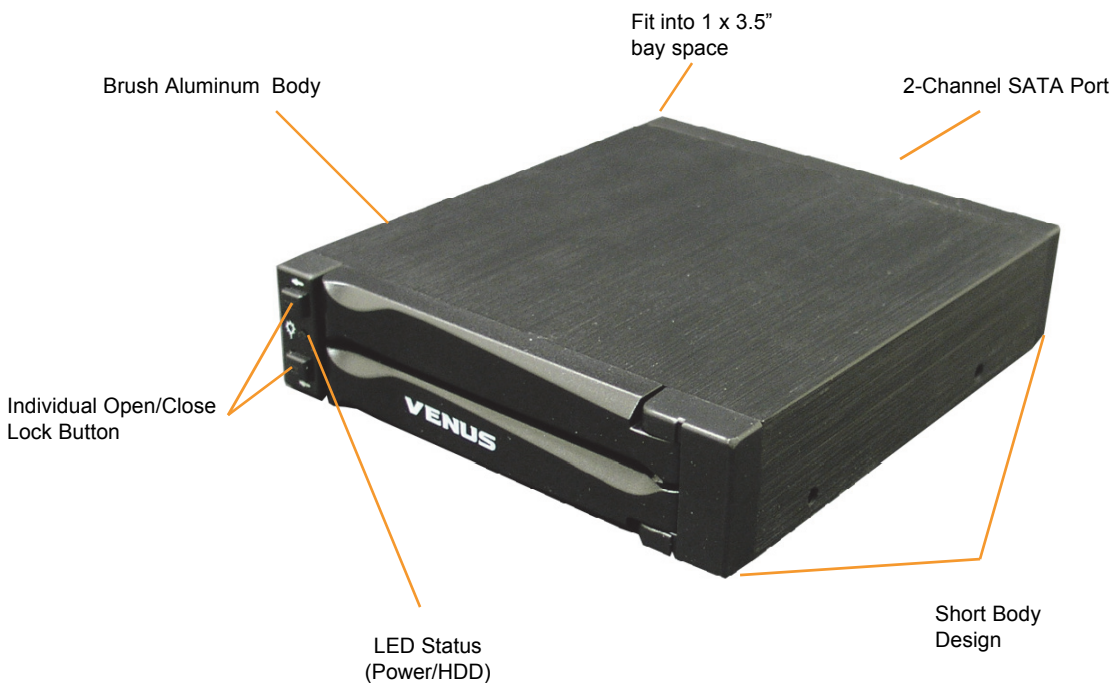

- SATA I / II / III and SSD
- Transfer speeds up to 6Gbps (600MB/s)
- 15pin SATA power inlet
- Individual HDD LED
- Short body design
- Brush Aluminum Body
- up to 9.5mm drive height

Model:

DS-112SSBK (2-IN-1) SATA HDD/SSDs to SATA

- 2 SATA connections
- 15pin SATA Power Plug
- 6Gbps (600MB/s)

Dimension: 5.8"(L) x 4.0"(W) x 1.0"(H)
Material: Aluminum
Weight: 0.35 lbs
